Training:

CAFR staff completed 184 hours of training last month covering various topics.

ALS Updates:

Paramedic class has started. FF Maus and Lt. Voiles will be attending class Mondays and Thursdays. We are covering the time they will be in class on shift days with part-time people as much as we can.

M.A.B.A.S Division 3701:

CAFR members have been asked to lead the team that is creating the way we will credential the members of 3701. We are moving forward with this project with help from various members of other departments. We are also leading the early stages of validating the Technical Rescue and HAZMAT teams in the area.

Public Education:

Distanced outreach continues through our digital platforms like Facebook.

Fire-Wise Program:

Property assessments available upon request.

Summary

July brought us a new member here at Cedar Area Fire & Rescue.

Paramedic/Firefighter Jeff Friend started fulltime for us, replacing a fulltime member that decided to move on. Jeff has been a member of our department for many years serving as a part-time member while working fulltime for North Flight and then MMR after they merged with North Flight. Jeff brings many years of experience as a paramedic and has already begun evaluating our EMS operations in preparation for our ALS transition.

Work continues many facets of our department, from training and personnel development to vehicle and equipment operations we strive to be better today than we were yesterday. Our crews continually exceed expectations and provide outstanding service to the citizens of Centerville, Cleveland, Kasson and Solon townships.

Respectfully Submitted,

Andrew T. Doornbos
